Sounds great. Have a great leave. I'll be sure to cc you on ongoing communications. I have spoken to Jim Alves at the City of Modesto.

Thanks,

---

I have forwarded your email to my supervisor which forwarded your email to our engineering group. You should be hearing from them as to whom you should also communicate with. I will be off on maternity leave probably within the next 2 weeks and off for 8 weeks after that so I wanted to make sure I wasn't the only one you had communication with. But please CC me on anything you send out.

Thanks in advance,

Hi Melissa – We are about to finalize our Feasibility Study and will work on the Proposed Plan for the final remedy of the Modesto Groundwater Superfund Site. I just wanted to give you a heads up and see if there's anyone else at the City of Modesto I should contact to give more information. Once the Proposed Plan is finalized, we will send out to the community and hold a public meeting during the public comment period. I am hoping to finalize the Proposed Plan by early next year.

Thanks,

---
